

6th Central European Symposium on **BUILDING PHYSICS**

at the Budapest University of Technology and Economics, Hungary

11th-13th September 2025

Late full paper
submission extended
until the final
deadline:

**25th April
2025**

Participant
registration launched!

Early-bird fees
available until:

**1st June
2025**

LAST CALL FOR FULL PAPER SUBMISSION

*The review of the submitted full papers has
already started.*

*Don't miss the opportunity to submit your
full paper!*

Connect with Leading Experts

CESBP is one of the most important European-organized conference series on Building Physics, held once every three years. Network with international leading researchers, professionals, and academics.

Participate in the IABP Summer School

A three-day PhD school aiming to empower early-career researchers will precede the conference. The event is organized by the International Association of Building Physics (IABP) and the EELISA University Sustainable BCC community at the Budapest University of Technology and Economics, Faculty of Civil Engineering between 8th - 10th September 2025.

Showcase Your Research

Proceedings will be published in Springer's Lecture Notes in Civil Engineering (ISSN: 2366-2565), indexed in SCOPUS. Selected high-quality papers will be invited to submit to a CESBP 2025 special issue in the Journal of Building Physics.

**Final call for
full papers!!!**
